TWIN-KLE TWIN-KLE LIT-TLE STAR, HOW I WON-DER WHAT YOU ARE?

LET'S PLAY MUSIC

Twinkle Twinkle, Little Star for the Beginner piano and elementary piano students. Starting with a simple melody in center C, your students can add left-hand chords. And the first Twinkle arrangement, with matching symbols... Please slide the page for free downloadable PDF links. Please slide the page for download links. Multiple Twinkle arrangements Look down the page for SIX versions, from super-easy (music with letters!) to a left a broken chord accompaniment. Here's a pretty sweet video of this nursery song by "Super Simple Songs": The next arrangement is the same as the first one, up, but I added the fingers in line one to show how the replacement of the finger can work to make the range up to "a" soft. Please slide the page for download links. Despite the fingers I have placed in music - the five to four and four to five - your student is very likely to COMPLETELY IGNORE those useful suggestions and just play "1 - 1 - 5 - 5 ..." or something like that! It's up to you, the teacher, to engrave the finger replacement technique on your student at ALGUNOS POINT: is it now the time? Do you need to replace your fingers on Twinkle? In their method books, they may not find this skill for a while, but in this song it is easy to understand and imitate, if you take them through the process every week until they get it. But... it depends on you and what you think is more beneficial at this stage of your student's learning. Maybe just read the notes and add left chords in the next few weeks will be enough accomplishment! The replacement of the fingers is actually a difficult and advanced technique, although eventually we hope it will become second nature for our piano students. Several configurations. Indian dance, one of the most popular and accessible songs for beginners here of the Irish wedding (easy version), all my students want to play this high-energy song! Kum Ba Yah - Very nice and easy - Only 6 notes. Lavender's Blue - Young girls love this music, especially if they've seen Lily James Cinderella! Twinkle Twinkle Little Star, simple or even beautiful, depending on the accompaniment. Very useful to learn chords and transposition. Winds in Willow's practice: scale disguised as a mysterious and quite minor melody. The baby shark partition is surprisingly easy, with a repeated melody on the right hand and simple chord tones on the left hand. A winner with young students.
